Tech Support Help for Windows & Android

Are you having a software problem with your Windows 10 or 11?
Need some help with your Android Smartphone or Tablet?
Have questions about your email or internet?

Meet your PCS Help Team (**Phil Ball, Dick Mason, Bill Moss and JB Burke**)
in the **Founders Suite** at the **Prescott Public Library (first floor)** on:

March 19, 2024 -- 1:30 to 2:30 PM

We'll do our best to solve your problem and get you back on track for a smoother, problem free, digital life. Bring along your Laptop, Tablet or Smartphone, if necessary, plus power supply (just in case).

If you plan to attend, we'd appreciate it if you'd first go to the
PCS4me website (https://pcs4me.com) and click on **Contact Us**
or directly at
https://pcs4me.com/forms.contact.aspx

There you can open an email and briefly outline your issue. That way we can come better prepared to assist you quickly and productively. But even if you don't get to this, feel free to come on down and say hello, problem or not.

We hope to see you there.
