Prescott Computer Society

Prescott's most experienced computer club

"Sharing and learning since 1988"

Our Mission

Using our club's considerable store of computer knowledge and the vast experience of our membership base, we accomplish our two basic goals: serving both our members and our community.

Serving Our Members

Several presentations are given each month on topics of interest to our members. These are led by different knowledgeable people from the club, our community and outside presenters. Our website features a wealth of information regarding computers and related subjects. Club members have exclusive access to previous meeting presentations as well as the ability to contact our club "gurus" about solving computer problems.

Serving Our Community

Some members provide technical support and training to computer users at the Prescott Public Library. Others are facilitators for the OLLI (Osher Lifelong Learning Institute) program at Yavapai College.

Our Meetings

General Meetings

These are usually held monthly in the Founders Suite of the Prescott Public Library. Topics at these meetings are of general interest to the membership.

Special Interest Groups

These meetings feature in-depth discussions of specific subjects such as Digital Photography, smartphones and Internet-related topics. The times and topics are posted on our website.

Schedule Changes

Schedules are subject to change occasionally so please make sure to check out the meeting postings on our website for recent revisions. A free Android app which lists the current meeting schedule and other club information is also available.

About Us

The Prescott Computer Society's attention is primarily focused on IBM-compatible computers, Android-based tablets, smartphones and their related software. We have been active in Yavapai County since 1988. Our membership is about 140 and we typically conduct three meetings each month on subjects that are of interest to our members.

Check Us Out

Please feel free to attend a few of our meetings as a no-obligation visitor to learn about us and our club. You will certainly find that our presentations are both interesting and informative. We hope to see you at our next meeting!

Becoming a Member

We would like to have you as a new member of the Prescott Computer Society. Dues are only \$24 per year and are prorated according to the schedule shown on the Application Form. Please bring your membership application and payment to any of our meetings or mail them to the address listed.

For additional information about our club or any membership questions, please contact us through the Prescott Computer Society website or email us: admin@pcs4me.com
